

Year 2 Spring 1

Space

As readers and authors we will:

- Read a range of "space themed stories" including "Beegu" and "Bob, Man on the Moon."
- Write a report based on space.
- Perform and write poems based on space.

As mathematicians we will:

- Learn about 2D and 3D shapes and their properties.
- Learn how to tell the time to within the nearest 5 minutes and solve time related problems.
- Complete and solve reasoning challenges within number.

As Linguists we will:

- Learn how and when to use a range of adjectives.
- Understand how to use irregular past tenses whilst writing.
- Be able to use nouns and verbs.

As Historians we will:

- Study the lives of famous people involved in space exploration! This will include the men of the Apollo space missions.
- Look at key events in the "space race" and the build up to the moon landing.

As members of our community we will:

- In RE, learn about what is right and wrong and how we can make good choices. This includes learning about the Pillars of Islam and the Ten Commandments.
- In PSHCE, we will celebrate achievements and talents and share these in class.

As athletes we will:

- Improve our basic skills to improve our fitness, co-ordination and balancing abilities.
- Learn and take part in dance routines.

As scientists we will:

- Learn about the uses of materials and their properties.
- Classify and sort different materials based on their properties and uses.

As musicians we will:

- Learn about rhythm, pitch, scales and tempo through songs and instruments.
- We will listen to a variety of music by famous composers from classical to pop music.

As designers we will:

- Plan, design and create our own rockets!
- Use a range of different materials to help create a rocket.
