

## The wizard of oz

One day when Dorothy was playing with Toto and her aunt and uncle were working a whirlwind came round and Dorothy's aunt was calling her and Toto to come back to her they got swept up in the whirlwind. And then Dorothy and Toto found themselves in a nother land but they did not know what it was called. Just then they saw a witch and she was the good witch of the west and she gave Dorothy some silver shoes. She said to Dorothy go and follow the yellow brick road and you will get to the Emerald city. So she and Toto followed the yellow brick road. On their way Dorothy and Toto saw a field and a bench and Dorothy sat down and Toto started to bark at a scarecrow and the scarecrow said stop it and Dorothy was frightened and she said did you speak. The scarecrow said yes and he said where are you going. She said we are going to the Emerald city to the wizard of Oz because I want to get home to my aunt and uncle. Can I come with you said the scarecrow. Can I go to the wizard because I need a brain. You can come with me said Dorothy. After they had walked for a long time they heard some one speak. They saw it was a tin man. He needed some oil but it was too hard for him to get the oil because his joints were joined together. So Dorothy put some oil in him. The Tin man said where are you going. We are going to the Emerald city. Dorothy said I am trying to get home with Toto in Kansas. I want a brain said the scarecrow. Can I come with you said the tin man yes you can. Later on they met a lion and he was going to get Toto. Dorothy said you silly old Lion you are king of jungle. Where are you going said the Lion. We are going to the Emerald city because I want to get home in Kansas said Dorothy and I want a brain said the scarecrow. I want a heart said the tin man. Can I come with you said the Lion. Only if you be good said Dorothy. I want some courage said the Lion.
