

Autumn 1 Learning in Year 3 - The Stone Age

As readers and authors we will:

- read texts linked to our topic of the Stone Age including Stone Age Boy, Ug and non-fiction texts.
- look at grammar features including expanded noun phrases, inverted commas and adverbial openers.
- write our own stories and write instructions linked to our topic.

As mathematicians we will:

- recap our mathematical learning from year 2.
- explore place value in 3 digit numbers.
- work on addition and subtraction number facts mentally.
- solve problems linked to place value and mental addition and subtraction facts.

Miss Bell

Mrs McCombe

Miss Komarynskyj

As linguists we will:

- begin to use French greetings in class and look at French numbers to 20.

As members of our community we will:

- have a trip to a local museum looking at how the Stone Age impacted on our local area.

As historians and geographers we will:

- do an in depth study of the Stone Age, moving in to the bronze and iron ages.
- look at their way of life including their homes, clothing, food and tools. We will look at maps of Europe looking at where famous Stone Age landmarks are today.

As athletes we will:

- develop our coordination and balance skills through a range of activities including individual work, partner work and group games and activities.

As scientists we will:

- be looking at and categorising different types of rocks. We will study how different rocks are formed including the formation of fossils and excitingly be making our own dinosaur fossils!

As musicians we will:

- explore pitch and rhythm using and investigating with percussion instruments.

As artists and designers we will:

- be making some fantastic cave paintings to fit in with our topic of the Stone Age.
- do a study on Stone Henge and recreate this landmark using some sculpture work. Finally we will be designing and making our own Stone Age shelters.
