## **Introduction**

The General Data Protection Regulation (GDPR) 2018 and Data Protection Act 2018 (DPA) sets out the law relating to data protection. This privacy notice sets out the way we handle your personal data in accordance with that law.

Under the GDPR and DPA anyone who holds and controls the way in which data is used is known as a data controller. We, Savile Park Primary School, are a 'data controller.'

When you apply for a position at our school, we process personal information about you as part of the recruitment process. This privacy notice sets out what information we collect and how we process it.

## Special category data

The school collects and processes some personal information that is classed as special category data under the DPA and GDPR. Special category data is personal data that is classed as more sensitive and therefore requires greater protection.

The special category data which school may process includes race, ethnic origin, religion and health information.

To lawfully process special category data, school must have a lawful basis under Article 6 GDPR and a separate condition for processing the data under Article 9 GDPR.

The school may ask you for information about your race, ethnic origin and religion but in most instances, this is optional and by providing this information you are giving your consent for the information to be processed by the school. In the majority of instances, the only use for this information is that schools provide this to the Department for Education and use it to monitor diversity and representation in accordance with the Equality policy.

The legal basis for processing your race, ethnic origin and/or religion is consent and the separate condition for processing under Article 9(2)(a) is consent.

Extra care will be taken when collecting, processing or sharing special category data and, unless there is a legal reason why we can't, you will be informed before we share the data with any external organisations.

## Our lawful basis for using this data

We only collect and use personal information about you when the law allows us to. In applying for a position with the school you agree to provide the information set out above.

We have a legal obligation to collect this information about you for safeguarding purposes and to meet our legal requirements in recruiting the best candidate for the position.

Less commonly, we may also use personal information about you where you have provided consent to use that information in a certain way. If you have provided your consent to use your personal information in a certain way, you have the right to amend/withdraw that consent at any time. We will make it clear if we ask you to consent to using your information in a certain way.
