As readers and authors we will: Focus our reading and writing around the book 'Escape from Pompeii' to fit in with our topic of volcanoes. We will be looking at using adverbs, prepositions as openers, speech and expanded noun phrases to create a powerful setting description. We will also be starting to look at some forms of poetry using powerful vocabulary.

As mathematicians we will: Delve deeper into the depths of numbers, looking at how we can multiply and divide with greater ease and accuracy using more formal written methods. We will carry on working on our 3, 4 and 8 times tables and looking again at doubling and halving.

<u>As linguists we will</u>: Be learning the French alphabet, numbers, colours and where we live. We will also look at the culture of France and their festivals.

## Savile Park Primary School Autumn 2 Learning in Year 3 Topic: Volcanoes

As Geographers we will: Be continuing our learning around rocks and geology, moving onto the destructive and constructive forces of volcanoes and earthquakes; how they are formed, why they form and how they can affect the lives of those around them. We will also be looking at what makes a mountain different to a volcano.

<u>As members of our community we will:</u> Think about how we celebrate differences and respect one another.

In religion and worldviews, we are looking at how different religious and non-religious groups express themselves and their spirituality through music, dance and art.

<u>As athletes we will</u>: Our dancing/movement skills; jumping and landing and seated balanced skills.

As scientists we will: We will look at lights and shadows. Shadows at different times of the day and type of materials, light sources and carrying out our own investigations.

<u>As musicians we will</u>: Be learning how to perform together looking how music is written, how lyrics are formed and how to put all these together to produce a group performance.

As artists and designers we will: Be using different materials to create an artistic sense of explosion, linking to our topic of volcanoes. We will also have a go at making our own exploding volcanoes.
