

Savile Park Primary School Music Development Plan

2026-2027

Vision and Priorities

At Savile Park, Music has an important part to play in giving children opportunities to express themselves and develop new skills. We pride ourselves on offering the children a mix of musical experiences to provide the best recipe for a successful music curriculum.

In the classroom

We use Kapow and Charanga to support our music teaching in the classroom, this is an online music scheme with lots of visual aids and interactive resources to support our children's learning about music. Our children love using set of glockenspiels, percussion trolleys and recorders to take part practically in classroom music lessons. We also explore the history of music, and discuss the traditions of music and where different genres of music come from.

"First I was really nervous to perform but then after the first time I decided I wanted to be a performer"

Year 3 child

We work closely with Calderdale Music who support and teach across both our school sites. Calderdale Music also provide lessons for children wanting to learn an instrument in school.

We have Rocksteady music school at each site delivering weekly music lessons for Keyboard, Drums, guitar and vocals.

We have a choir and singing club in school.

"I love Rocksteady and enjoy performing like I am a real rockstar"
